

BUSINESS INCOME & EXTRA EXPENSE WORKSHEET NON-MANUFACTURERS

Insured's Name:	
Describe Business Operations:	
Location(s) Covered:	
Agent / Broker:	
PLEASE REFER TO THE NOTES AT	THE BOTTOM OF EACH PAGE AS YOU COMPLETE THE WORKSHEET
The basic purpose of this worksheet is to help of this worksheet should be a collaboration between should be able to complete the worksheet with anticipated level of business activity for the uponumbers. e.g. Increases in the following: Groscompleted on an accrual basis. Separate work	you estimate your needed amount of insurance in the event of a major loss. Completion ween you and your accountant. Using your Profit & Loss Statement, your accountant actuals for the most recent 12 month period. You will need to tell him or her your coming 12 months of the policy period and the effect on the various income and expense as Sales by 10%; Cost of Goods Sold by 6%; Payroll by 4%. This worksheet must be sheets will need to be completed if separate limits of insurance apply per location, valuation method you use. All inventory calculations should be based on the same

valuation method.

Check only one: ____ FIFO ____ LIFO ____ Average Cost ____ Other (please specify): ____

Most Recent 12 Month Period Ending:	Income and Expenses	Estimated 12 Month Policy Period Beginning:
\$	A. Gross Sales See Note (A)	S
- \$ - \$ - \$	B. DEDUCT: Prepaid Freight – Outgoing Discounts, Returns & Allowances Bad Debts & Collection Expenses	- \$ - \$ - \$
= \$	C. EQUALS: Net Sales	= \$
+ \$ + \$ + \$	D. ADD: Other Earnings from your business operations (not royalties or investment income): See Note (D) Commissions or Rents Cash Discounts Received Other	+ \$ + \$ + \$
= \$	E. EQUALS: TOTAL REVENUES	= \$
- \$	F. DEDUCT: Total Cost of Goods Sold. This is NOT the GAAP figure. Calculate using worksheet below.	- \$
- \$	G. DEDUCT: Cost of services you purchase from outsiders to separately resell (e.g. service contracts), that do NOT continue under contract. Costs that continue are NOT deducted.	- \$
- \$	H. Are you Excluding OR Limiting "Ordinary Payroll" Expenses? If YES, DEDUCT: All "Ordinary Payroll" Expenses See Note (H) If NO, leave blank.	- \$
= \$	I. BUSINESS INCOME EXPOSURE FOR 12 MONTHS	= \$

COST OF GOODS SOLD WORKSHEET

This is NOT the GAAP figure. Do NOT include labor or overhead.

\$	Beginning inventory.	\$
+ \$	ADD: Net Cost of merchandise sold and tangible supplies purchased during the year (including transportation charges).	+ \$
- \$	DEDUCT: Ending inventory.	- \$
= \$	TOTAL COST OF GOODS SOLD - put in Line F. above	= \$

- (A): Gross Sales: Consider new or potential contracts, mergers and acquisitions, business trends etc. Do NOT include separately stated taxes or royalties.
- (D): Add income from other incidental operations to Line D. If <u>not</u> incidental (i.e. more than 10% of total income), complete separate applicable worksheet for that portion of income and add the "Business Income Exposure for 12 Months" Line from that worksheet to Line I. of this worksheet.
- (H): Ordinary Payroll expenses include payroll, employee benefits if directly related to payroll, FICA and Medicare payments, union dues, and Workers Compensation premiums.

Some points to consider in deciding whether to exclude or limit Ordinary Payroll (i.e. other than officers, executives, department managers and employees under contract):

- Would you lay off all your other employees in the event of a short interruption?
- Could you get them back when you re-open for business or would they have gone elsewhere?
- Do you have skilled or specialized labor?

Estimated # of Months = which equates to a factor of Factor J	Adjust for maximum time to rebuild, repair or replace property damaged by serious loss at an existing location or to move to a new permanent location and resume your normal operations. e.g. 6 months = .5; 9 months = .75; 12 months = 1.00; 18 months = 1.50; 2 years = 2.00. Estimated # of Months = which equates to a factor of Factor J

- (J): Period of Restoration Assume the worst possible situation, such as a devastating fire or explosion and the sprinkler system is impaired, OR a catastrophe peril such as a tornado or hurricane occurs and severely damages your property. Your ability to resume normal operations may be impaired by one or more of the following:
 - 1. Delays in obtaining Architectural & Engineering Plans, Zoning Variances, Building Permits, or approvals from Certification Boards.
 - Climactic conditions that would prohibit or postpone repairs or rebuilding.
 - 3. Contractors or others you would depend upon to help you out are loaded with work and have no excess capacity.
 - 4. You have unique, specialized, customized or imported machinery or equipment.
 - 5. Time to install, set-up or customize and test repaired or replacement machinery and equipment.
- (K): Seasonal Variations e.g. If 70% of your business is done from January June the factor to be applied would be: .70 ÷ .50 (for a 6 mo. period of restoration) = 1.40. If the Period of Restoration is between 12 and 24 months, calculate the second 12 month's income and apply the factor to the second 12 months income, then add this result to the full first year's income (Line I.)
- (N): After you are back in business, how long will it take to get your business back to pre-loss income levels? Consideration should be given to difficulty in regaining your customer base, replacing lost or cancelled contracts etc.
- (P): A revised worksheet should be completed and submitted to us if your actuals begin to exceed your original estimated amount of needed insurance.

EXTRA EXPENSE WORKSHEET

(Expenses in Addition to Normal Expenses to Continue Business)

If Extra Expense is going to be *insured under a separate limit*, complete this Extra Expense worksheet but do <u>NOT</u> make any entry under Line O. in the Business Income Worksheet.

COINSURANCE - INSURANCE TO VALUE REQUIREMENT

In the event of loss during the policy period, we will determine the <u>actual</u> business income exposure from policy year inception to the date of loss. To this actual amount we will add an appropriately projected amount of income exposure for the remainder of the 12 month policy period, comparable to the sum of Line I. and Line L.. of this Business Income Worksheet. This more current annual amount will be multiplied by the Coinsurance percentage you selected for your policy. If the policy limit you carry is less than this more current required amount of insurance, your loss payment will be reduced.

Example:	Policy Period Policy Limit Loss	= 01/01/20xx to = \$3,000,000 = \$1,000,000	01/01/20xy		Date of Loss = Coinsurance =	08/01/20xx 50%	
		Actual Busines 01/01/20xx	s Income from to 07/31/20xx	=	\$5,00	00,000	
	Projected Busin	ness income from	08/01/20xx to 01/01/20xy	Ξ	+ \$3,00	00,000	
		More Current Annual Amount of Needed Insurance		≂	\$8,000,000		
		\$8,000,000 x 509	% coinsurance	=	\$4,00	00,000	
	•	,000,000 < \$4,000 efore, \$3,000,000	•	<u></u>	.75	factor	
		.75 x \$1	,000,000 loss	=	\$750,00	0 payable	
		Coinsur	ance Penalty	=	\$250,000 of k	oss not payable	

AGREED VALUE

This provision suspends the Coinsurance provision but does not eliminate it. In order for Agreed Value to be in effect, a signed business income worksheet must be submitted to and accepted by us prior to a loss.

A new worksheet must be submitted if you (1) change the limit of insurance mid-term, or (2) at the end of each 12 month policy period. Failure to submit a signed current worksheet will automatically reinstate the Coinsurance Provision for the period going forward.

OTHER COVERAGE OPTIONS

These exposures are Not Covered under standard industry Business Income Coverage Forms. Consult with your agent or broker if you answer "YES" to any of the following.

1.	Dependent Properties - If any of the below types of properties you depend on suffered loss or damage from a covered cause of loss, would you incur a loss of income or extra expense as a result of their loss?		
	 Key supplier(s) could not produce goods or services you depend on. 	YES	NC
	 Key customer(s) could not receive your goods or services. 	YES	NC
	c. Properties which attract customers, e.g. stadiums, anchor stores.	YES	NC
2.	Ordinance or Law - Would complying with ordinances or laws delay your repair or rebuilding?	YES	NC
3.	Contract Penalties - Do you have any contracts with customers which contain penalty clauses if you cannot supply them with goods or services?	YES	NC
4.	Loss to Personal Property Away From Your Premises - Would you lose significant income or incur significant extra expenses if your business personal property or property of others was lost or damaged while away from your premises?	YES	NC
5.	Leasehold Interest – If you are a tenant, do you have a favorable long term lease compared to current market rental rates?	YES	NO
